

Decentralized World Community (DWC) has been founded by a cohort of professionals sharing a common passion and proficiency in blockchain and Al. Our mission is to unveil the boundless advantages of a fully decentralized smart contract platform, owned and governed by its community members.

The prime motto of DWC is

"Crafted by Collaboration, Fueled by Community"

# ABOUT SMART CONTRACT

A smart contract is a digital agreement stored on a blockchain that automatically executes actions based on predefined conditions without the need for intermediaries.

By leveraging blockchain technology, they ensure transparency, security, and efficiency across industries like finance, supply chain management, real estate etc.

DWC harnesses the power of smart contracts to bolster the decentralized ecosystem, promoting trust and facilitating seamless interactions among its participants.

• Trust and Transparency: Trust deficits and lack of transparency are prevalent in various sectors, leading to inefficiencies, corruption, and exploitation

Mission: To unite a global community through decentralized smart contracts for mutual prosperity and rewards.

Vision: Empowering individuals at mass levels worldwide through a collaborative, decentralized platform for shared profits and benefits.

### WHATWEDO

### **DECENTRALIZATION**

**DWC** is a fully decentralized autonomous platform that operates seamlessly on the Polygon Blockchain.

### **COMMUNITY DRIVEN**

This project is a pioneering community-driven initiative that combines earning opportunities with empowerment, offering multifaceted applications and utilities for the future.

### **AMAZING REWARD**

We revolutionize the landscape of decentralized incentives, offering unparalleled benefits and rewards to our valued community members through our native token called **\$DWC.** 

# SOLUTION WE PROVIDE

The Decentralized World Community (DWC) is an entirely decentralized platform designed solely for the community, by the community, and of the community

**DWC's** main objective is to establish a decentralized and transparent financial ecosystem, enabling individuals to securely earn and exchange funds directly.

This initiative strives to advance financial inclusion, granting people the chance to attain financial autonomy and promoting mutual support within a worldwide community.

**DWC** endeavors to forge fair and impartial financial interactions among its community members, thereby paving the way for enhanced financial liberation, personal and professional growth for everyone.

### \$DWC TOKEN

**\$DWC** is the native token of DWC Holding, exclusively attainable through participation in the DWC community. It cannot be bought externally but can be earned and owned by engaging with DWC. Community members have the opportunity to earn, hold, and trade the token via swap. This unique aspect of the \$DWC token is expected to drive its value upward in the future.

# USPOFDWC

 Lower transaction fees enabled by smart contracts on the polygon blockchain

Lightning fast

• Low entry cost 100% safe and secure

Huge profits and benefits

No ownership

Autonomous

No admin

UNIQUE SELLING POINT

www.dwcholding.cloud

### HOW TO START

"You have the opportunity to become an Entrepreneur with DWC by actively engaging with your smart contract on the Polygon blockchain through holding. This involves providing support to the smart contract, which can lead to entrepreneurial endeavors and potential success in the digital space."

# CRITERIA TO PROVIDE HOLDING

STEPS	CRITERIA	HOLDING AMOUNT	TIME PERIOD
One	New Holders	\$100 to \$500	Within 15 Days
Two	Existing Holders	Upto \$5,000	After 15 Days
Three	Expert Holders	Upto \$10,000	After 30 Days

# EARNING POTENTIAL FRAME WORK

There are five types of earning resources in DWC

#### Retention bonus -

- 1) Earn a daily 1% bonus on your holding amount for 100days.
- 2) At the end of the 100-day period, the contract will conclude, and you can withdraw whole amount (Example 100 for your holding amount and USD 100 for a retention bonus).
- 3) The daily 1% bonus will be applied to your full holding amount from day one, even if you've only paid 50% of the contract amount at execution.

#### **RETENTION BONUS**

### GUIDLINES FOR PROVIDING HOLDING

- For each new smart contract activation, only 50% of the total holding amount is required upfront to initiate the contract.
- The remaining 50% of the holding amount must be paid just after 15 days of the contract execution date.
- If you activate a second contract within 15 days of the execution date of your first contract, you can do so with an amount ranging from USD 100 to USD 500.
- If the second contract is activated after fully paying off the first contract, you can execute it with any amount up to USD 5,000.
- For the activation of third and subsequent contracts between 16 and 30 days after the execution date of your first contract, you can do so with an amount up to USD 5.000.
- For the activation of third and subsequent contracts beyond 30 days after the execution date of your first contract, you can do so with any amount up to USD 10,000

### REFERRAL BONUS

Referral Bonus — You receive a 5% direct referral bonus on the total holding amounts of all activated contracts within your first-level team.

Residual bonus — You earn 25% of the Retention Bonus accumulated upon the contract closure from your first-level (Direct Referrals)

Entrepreneurs.

### RANK BONUS

Ranks	Bonus from levels	Criteria
Manager (Upto 3 Levels)	L2 (2%) - L3 (1%)	5 direct referrals and team holding value of USD 1000
Star Manager (Upto 5 Levels)	L4 (0.5%) - L5 (0.25%)	2 direct active managers and a team size of 35 ppl excluding the strong leg
2 Star Manager (Upto 8 Levels)	L6 ( 0.25%) - L8 ( 0.20%)	4 direct active managers and a team size of 80 people excluding the strong leg
3 Star Manager (Upto 10 Levels)	L 9 ,L10 ( 0.20%)	6 direct active managers and a team size of 350 ppl excluding the strong leg
4 Star Manager (Upto 15 Levels)	L 11 - L15 ( 0.20% )	8 direct active managers and a team size of 1000 ppl excluding the strong leg
5 Star Manager (Upto 21 Levels)	L16- L 21( 0.20%)	10 direct active managers and a team size of 5000 ppl excluding the strong leg

• 2) A 5-star active manager will receive a 2% Royalty Bonus based on the total value of their team's holdings.

• 3) If you're a 4-star or 5-star manager and find team members in any leg holding the same rank as yours, you won't receive the royalty bonus from that leg.

## PROTOCOL OF DWC

- After 15 days from your contract execution date, a countdown timer of 24 hours will commence. If the
  remaining 50% holding value is not paid within this period, the Retention bonus will decrease to 0.75%
  instead of 1%. Subsequently, another countdown timer of 12 hours will start. Failure to pay the remaining
  50% balance during this period will result in the closure of your contract. In such a scenario, no bonuses of
  any kind will be paid to Entrepreneurs. However, if a second contract is activated using the same holding
  account, the individual will remain eligible for all team bonuses.
- You can activate the smart contract by providing holdings using either DAI on the Polygon network or DWC tokens.
- All smart contracts will be locked for the initial 15 days for 2nd deposit.after this period, both the holding value and retention bonus can be withdrawn from the platform after 100 days.
- All subsequent contracts following the initial one can be executed with a holding value equal to or higher than that of the first contract.
- To initiate a withdrawal for any contract, it is mandatory to create a new contract with a holding value equal to or higher than that of the existing contract.
- All bonuses will be disbursed to Entrepreneurs from the Community fund as outlined in the tokenomics.

### DWC TOKEN PROCESS **DAI USER** #DWC #DAI Token **#DWC Liquidity Pool Community Fund** DAI Community **Smart Contract** Token Community Swap Holding

COIN NAME — DWC

Total supply — 32.5 Million

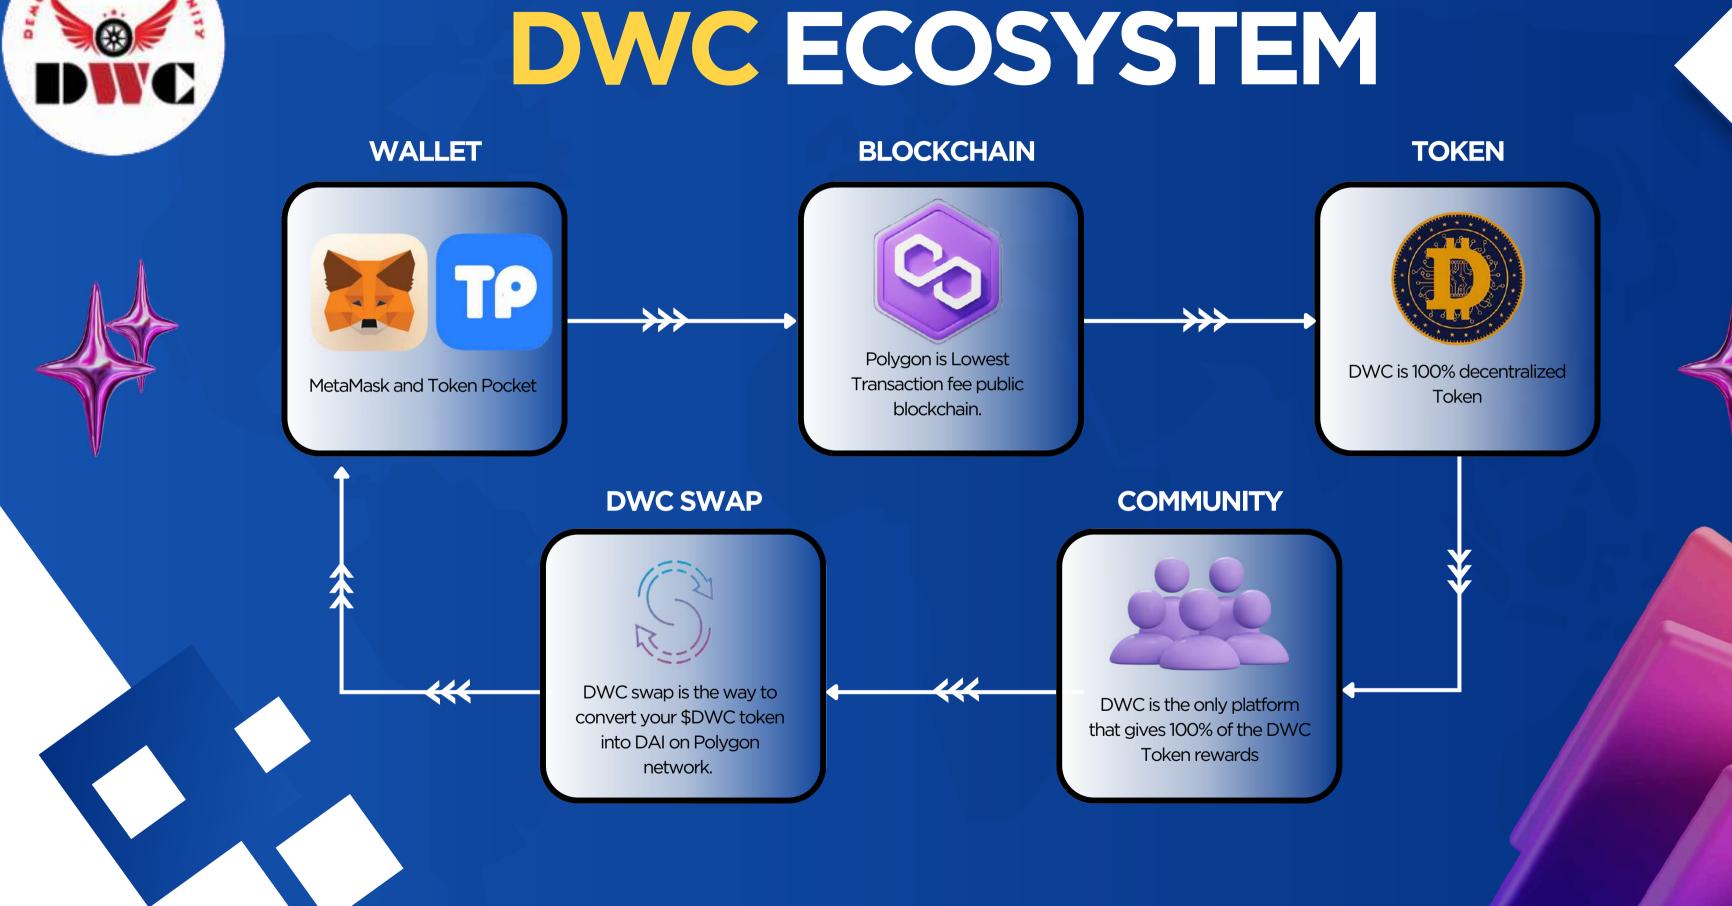

Blockchain — Polygon

Decimal — 18

DWC is a fully decentralized token on Polygon blockchain with its entire liquidity available for swapping. Simultaneously, 100% of the token is locked within the Decentralized World Community development Program, which rewards community members for executing smart contracts by offering different forms of holding. There are no airdrops, pre-sales, or private sales linked to \$DWC, a deliberate measure aimed at avoiding rapid value decreases. Furthermore, the token is tailored for everyday users and is not intended for purchase via swaps or exchanges, thereby mitigating sudden market fluctuations. This strategy is devised to maintain token stability and shield users from potential risks such as dumping or pumping.
